WSA
WORLD SPORTS ALLIANCE

WORLD
SPORTS
ALLIANCE

Welcome to the WORLD of SPORTS,
a platform where sports development
and athlete success reach a whole new level.
Our platform addresses issues such as assessing
the relevance of projects, solutions to current
and future problems, forecasting, and more.

All of this serves as a basis for government
support and a path to societal development
based on tangible results and civic initiatives
that strengthen federal authority and foster
constructive international cooperation.

On the principles of equality, mutual exchange of experience, sports unity and fair competition, we will build a new world sports community!

INFORMATION ABOUT WSA

WORLD SPORTS ALLIANCE

A multipolar world opens new horizons for human development.
It is an opportunity for continents to assert themselves, for countries to strengthen their sovereignty, and for all of humanity to build a more just and sustainable world.

Success in these conditions is determined by the ability to adapt, diversify international relations, strengthen domestic potential, and actively participate in shaping new rules of interaction.

Goals of the Organization.

Developing multilateral cooperation based on the principles of justice and mutual respect.
Strengthening friendly relations between peoples based on equality.
International cooperation in addressing sporting, economic, social, cultural, and humanitarian issues.
Creating a platform for coordinating actions in international relations.

One of the WSA's priority areas of activity is to promote the formation of a democratic multipolar world and strengthen global security and stability. The Five, and since 2024 the Ten, have consistently advocated for the observance of the principles of international law with the central role of the UN and the rejection of unilateral coercive measures.
